

Unlocking potential in communities, people and resources.

We know that our success depends on the success of the communities in which we operate.

That's why our focus is to enrich communities by helping youth develop into extraordinary people and building capacity for long term positive impact.

There are just a few guidelines we would like you to consider before you contact us:

1. We support areas in which there is a demonstrated need - no duplication of services.
2. We support registered charities or not-for-profits.
3. We support initiatives serving an Osum community.
4. We support long term initiatives that have a positive impact for the future.
5. As a rule, we do not support religious, political, or other potentially divisive initiatives.
6. Initiatives we support should demonstrate a sustainability strategy from the outset.
7. It may take up to three months to process and consider your request.

Although we will consider any project or group with good intentions and big ideas, we are passionate about investing in the following areas:

Science and Innovation
Vibrant and Sustainable Communities
Sport

The next step:

Send us a short letter (2 pages maximum) demonstrating big ideas and a commitment to building capacity in the lives of children and youth.

Your letter should include:

- your contact info
- a description of the project, objectives and who will benefit
- total funding needed, funding requested from Osum, other sources of funding and a sustainability strategy
- reasons or ideas that would make this an appropriate funding choice for Osum

Send requests to:

Community Investment Osum Oil Sands Corp., Suite 1900, 255 - 5th Avenue SW, Calgary, Alberta, Canada T2P 3G6 or apply online at <http://www.osumcorp.com/sustainability/community/apply-for-support/>
